Komal Goyal

WEB DEVELOPER

Profile

I am a Dynamic and driven student pursuing a Bachelor of Technology in Computer Science Engineering (CSE) from JEMTEC affiliated to GGSIPU, with a fervent dedication to becoming a proficient web developer and data analyst. Eager to continuously refine coding prowess and expand proficiency in diverse programming languages over the years.

Equipped with foundational knowledge in key languages including HTML, CSS, JavaScript, and Python, with a thirst for mastering additional languages and frameworks. Committed to staying abreast of emerging technologies and industry trends to remain at the forefront of the rapidly evolving tech landscape.

Demonstrated ability to tackle complex challenges with a strategic and analytical mindset, coupled with strong problem-solving skills honed through academic coursework and personal projects. A collaborative team player with excellent communication skills, poised to contribute effectively to collaborative coding environments and projects.

Driven by a relentless passion for learning and growth, actively seeking opportunities to immerse in hands-on experiences, industry mentorship, and continuous skill development to achieve excellence in web development and data analytics.

Education

High School, SRDAV Public School Dayanand Vihar , Delhi

APRIL 2008 — AUGUST 2022

I believe in building upon a solid foundation established during high school with a focus on Physics, Chemistry, Mathematics (PCM), and Computer Science. I have scored 96% in class X and 95% in PCM in class XII.

Internships

Web Development, Codsoft, Delhi

MARCH 2024 — APRIL 2024

As an intern at Codsoft, I had the invaluable opportunity to immerse myself in the dynamic world of web development. Working closely with seasoned professionals, I gained hands-on experience in crafting responsive and user-friendly web applications.This role allowed me to refine my skills in HTML, CSS, JavaScript, and other essential web technologies.Moreover, I actively participated in code reviews, debugging sessions, and collaborative problem-solving efforts, fostering a deeper understanding of best practices and industry standards in software development. My internship at Codsoft not only provided me with practical experience but also instilled in me a sense of professionalism and dedication to delivering high-quality solutions in a fast-paced environment.

Hobbies

I dedicate myself to honing my coding skills and expanding my knowledge through reading, fostering a continuous cycle of personal growth and development. With a fervent passion for coding, I eagerly delve into online tutorials, coding challenges, and personal projects to refine my programming abilities and explore new technologies. Whether it's mastering a new programming language or delving into advanced algorithms, I find immense satisfaction in the process of learning and improving my coding prowess. Additionally, I am an avid reader with a voracious appetite for knowledge, immersing myself in a diverse array of literature spanning fiction, non-fiction, and tech-related publications. Keeping myself updated with the latest advancements in technology, industry trends, and thought leadership allows me to stay ahead of the curve and adapt to the ever-evolving landscape of the tech industry. Through these hobbies, I not only cultivate a deeper understanding of my craft but also fuel my curiosity and passion for lifelong learning.
